

Printed Materials

- 123 **"The Mainstream News" – Individual** **\$40.00**
 A newsletter for everyone involved in mainstreaming. Throughout the year, you will find articles of interest for every member of the support team, preschool through college.

- 124 **"The Mainstream News" – School** **\$90.00**
 This is a group subscription. Eight copies of each issue are sent to your school.

- 166 **Friends, Like You – Early Education Kit** **\$24.95**

By Melissa Griswold, M.E.D., Illustrated by Cynthia Fisher
 Molly and Max are two regular kids who happen to have a hearing loss. Listening can be hard work and misunderstandings happen sometimes, but they don't let their hearing loss stop them from making friends and having fun! An ideal teaching tool for raising awareness about hearing loss and promoting friendships in mainstream settings. Published in 2007.

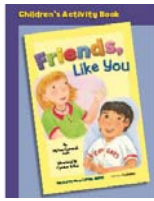

Early education kit includes:

- * one 32-page, full-color children's book
- * one educator's guide
- * one children's activity book

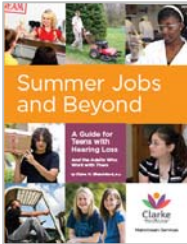

- 169 **Friends, Like You –SPECIAL OFFER!** **\$39.95**

Early Education Kit **PLUS** a set of 30 Children's Activity Books

167 **Friend's Like You – Set of 30 Children's Activity Books** \$30.00

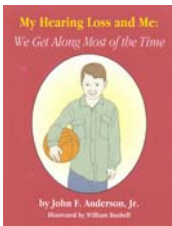

172 **Summer Jobs and Beyond: A Guide for Teens with Hearing Loss and the Adults Who Work with Them** \$19.95

Claire H. Blatchford, M.A.

Hot off the press! This guide helps students through the process of finding their first job, internship or volunteer experience. An emphasis is placed on networking, the steps involved in applying for that first paid or unpaid position, and the importance of knowing how to "sell yourself." Specific tips related to managing and advocating for one's communication needs are highlighted, including personal experiences and advice from several young adults with hearing loss. Published in 2009.

153 **My Hearing Loss and Me: We Get Along Most of the Time** \$21.00

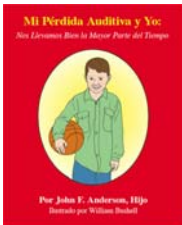

John Anderson, M.A.

Here is the story of a fourth-grade boy with a cochlear implant who shares his experiences...in school with his teachers and friends and at home with his family. The book not only tells his story, but makes the reader aware of the daily experiences of hearing loss for everyone. A discussion guide is included.

Published in 2004.

165 **Mi Pérdida Auditiva y Yo:: Nos Llevamos Bien la Mayor Parte del Tiempo** \$21.00

Published in 2007.

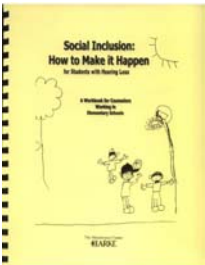

151 **Taking a Second Language** \$20.00

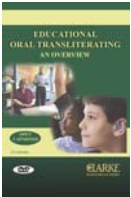

"Is it possible for a student with hearing loss to take another language in school?" Experience has shown repeatedly that it is not only possible, but highly desirable if the student is not experiencing serious difficulties in learning English. Includes suggestions for parents, teachers and students, and contains endorsements written by young people with hearing loss from across the country. Published in 2004.

129 **Oral Transliterating: An Educational Guide** \$ 3.00

Answers the basic questions schools often have about oral transliterating. Includes a sample job description. Revised in 2006.
